

AGO - TACOMA CHAPTER
Warmly invites you to our

ANNUAL CHRISTMAS PARTY

Monday, December 10th at the home of Paul Fritts,
940 S. Aurora Avenue, Tacoma, 98465
7:00 – 9:00 p.m.

Paul has several beautiful instruments in his home, and we invite you to play something festive for the holiday. Paul's Opus 6, built in 1988 with two manuals, is inspired by a 1610 organ built in Germany by Compenius for a court. It has all wooden pipes and a high percentage of reeds. If you're trying to decide what to play, email Satya for a list of its specs. Practice time will be available after 6 pm the week before the party.

In addition to the organ, Paul also has a world-class harpsichord and a wonderful piano. If you play an instrument like flute or viola, please consider being accompanied by the harpsichord. And, of course, singers are always welcome! Please contact Cooper or Satya if you'd like to play.

There will be some refreshments at the party, but we also ask you to bring something you'd enjoy sharing with others, either of the food or liquid variety!

So, save the date and look for more information about the party in the coming weeks!

Cheers!

Satya – starpoint3@comcast.net
Cooper – cooper.sherry@smlutheran.org
